One, two, three... well  
I ran away from you  
That's all I ever do  
And though I started here  
I ran away from you  
I'm gonna come on in  
And see it through  
I ran away from you  
That's all I ever do  
And when I heard you call to  
Come back to you  
And though I should stay  
I don't have the stomach to  
Everyone I know  
Says I'm a fool to mess with you  
Everyone I know  
Says it's a stupid thing to do  
I have your love on call  
And yet my day was so full  
There might be nothing left to do  
So I ran away from you  
I'm gonna come on in  
My eyes are closed  
I can feel it there  
The sun's so close  
I'm gonna come on out  
And burn the sky  
A star arose in my own cage  
I'm stuck in line  
And in a cage  
Just a single star  
I see it fall  
Everyone I know  
Says I'm a fool to mess with you  
Everyone I know  
Says it's a stupid thing to do  
I have your love on call  
And yet my day was so full  
And I did not know what to do  
And so I ran away from you
