There's a wild wind blowin'
Down the corner of my street
Every night there the headlights are glowin'
There's a cold war comin'
On the radio I heard
Oh baby, it's a violent world!

Oh love, don't let me go!
Won't you take me where the street lights glow?
I can hear rain coming
I can hear the siren sound
Now my feet won't touch the ground!

Time came a-creepin'
Oh and time's a loaded gun
Every road is a ray of light~
It goes oooooooooonnnn
Time only can lead you on
Still it's such a beautiful night!

Oh love, don't let me go!
Won't you take me where the street lights glow?
I can hear rain coming
Like a serenade of sound
Now my feet won't touch the ground!

(Oh oh oh!
Oh oh oh!
Ohh oh!)

Gravity release me,
And never hold me down
Now my feet won't touch the ground!
