Under the great north star
try to find out where you are.
In the silence of the sea,
but i don't know what i see.

in the future in the past,
going no where much to fast.
When I go there go with me?
Ahhhh..
When i go there go with me?

Cuz I don't know where I'm going but i want to talk.
I feel like I'm going where I've been before.
And I want to talk.

Take a picture of something that your not sure of,
bring it back to show to me,
but i don't know what i see.
In the future from the home,
getting no where on your own.
Got to find your missing piece.

Cuz you don;t know where your going but you want to
talk.
You feel like your going where you've been before.
Nothing is really making any sence at all.
Tell anyone who will listen but you feel ignored.
Lets talk, lets talk,
Do you want to talk?

I'm walking powdered snow,
I'm tring to see the sun
in a language i dont speak.
I try but i cant get through
im tring to get to you
but your difficult to reach.
Would you talk to me?

So you don't know where you're going but you want to
talk
You feel like your going where you've been before.

Lets talk. Lets talk.
