There is a place, it has a face
And he was walking out the door
His mother said, she was ashamed
Ã¢ÂÂ˜Cause he had no place to go
He was afraid and I was fine
He wanted peace of mind

Three times turn and you go and you go
You are free, you are free, itÃ¢ÂÂ™s a long way
home
And what have we done
Was it wrong, was it wrong, was it me
Can't you see itÃ¢ÂÂ™s a long way home

There is a snake, he will awake
And he will get you off the floor
You'll start to shake, your friends will sweat
You are high you will forget
She is afraid Ã¢ÂÂ˜cause you are dying
But you have got your peace of mind

Three times turn and you go and you go
You are free, you are free, itÃ¢ÂÂ™s a long way
home
And what have we done
Was it wrong, was it wrong, was it me
Can't you see itÃ¢ÂÂ™s a long way home

I wonÃ¢ÂÂ™t make your dreams come true
ItÃ¢ÂÂ™s on you, got to change your lonely ways
To make it through

You found a place in outer space
And you don't hurt anymore
Your loving hand has slipped away
And there is nothing left to say
And we were born of yellow sand
There is no plan, there is no end

Three times turn and you go and you go
You are free, you are free, itÃ¢ÂÂ™s a long way
home

And all night long I was wrong, I was wrong, it was me
Can't you see itâ€™s a long way home

It took a million lives to see her smile
Don't touch itâ€™s to much afraid of love
Afraid you might get hurt
Don't give up, don't get stuck
Right before you can go back
