"Up In Flames"

So it's over
This time, I know, it's gone
Saw a Border,
Tasted it too long
I only know one role
Now I know it's gone

Up in flames
Up in flames
Up in flames

We have slowly gone

So it's over
This time, you're flying on
This time, I know no song
Can't stop it slowly go
Can't stop it slowly go

Up in flames
Up in flames
Up in flames

We have slowly gone

Up in flames
Up in flames
Up in flames

We have slowly gone
Oh, we have slowly gone

Can we pour some water on?
