You're in control, is there anywhere you wanna go?
You're in control, is there anything you wanna know?
The future's for discovering
The space in which we're traveling

From the top of the first page
To the end of the last day
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are

Under the surface trying to break through
Deciphering the codes in you
I need a compass, draw me a map
I'm on the top, I can't get back

The first line on the first page
To the end of the last page [Incomprehensible]
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are

You just want somebody listening to what you say
You just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are

Is there anybody out there who is lost and hurt and
lonely too
Are they bleeding all your colors into one?
And if you come undone as if you've been run through
Some catapult, it fired you, you wonder if your chance
will ever come
Or if you're stuck in square one
