Its nice to know you, to know you
Its nice to know you, to know you

When I first met you I knew that it was real
Something told me I couldn't help but feel
We were friends
That we were friends
And I don't mind that your not the same as me
But I will fight with you untill the day we're free
Cuz we're friends cuz we're friends

Its nice to know you, to know you
Its nice to know you, to know you
It's best they wake up and take a look around
You're more than welcome to live in my home town
Cuz we're friends cuz we're friends
And I'll always tell you it's who you are inside
And I'll always thank you for being on my side
Cuz we're friends cuz we're friends

Its nice to know you, to know you
Its nice to know you, to know you
Its nice to know you, to know you
Its nice to know you, to know you
