I don't know why  
Why you had to leave me  
And i don't know why  
You said goodbye  
Only if i try  
Can i feel the earth beneath me  
And as days go by  
I come alive

The fall of your hair  
The feel of your skin  
And the smile on your face  
As you took me in

Now i lie  
And stare at the sky  
Still i wonder why  
I don't know why

You said that you'd release me  
No matter how i try  
I still feel you

I watched a falling leaf  
Drifting down towards me  
Carried by the wind  
It disappeared

I sat in disbelief  
At what had become of me  
And as the day grew dark  
I rose to go

And as i walked along  
I thought i heard you call me  
Alas i was alone  
So i went home

The fall of your hair  
The feel of your skin  
And the smile on your face

As you took me in

Now i lie

No longer cry

But still i wonder why

I don't know why

You were taken from me

I cannot forget

Or say goodbye
