I need help some help my friend
I need help for my soul to mend
Where did I, I go so wrong
Now that you're, you're long long gone
I feel like I am dead
After hearing what you had said
Can I have back my soul
Can I have my soul you stole

All I ever wanted was you and me
You and me and a cup of tea

You think that you're so so smart

Going around breaking lovers hearts
Do you know what you have done
You've let me down and now I'm done
Now I wish you luck in whatever you do
Because my love for you was true
Can I have back my soul
Can I have back my soul you stole

All I ever wanted was you and me
You and me and a cup of tea
