

## Colin Giles "Problems"

Visit "[Problems](#)" on [MotoLyrics.com](https://MotoLyrics.com)

We've got a problem everyday  
The old man say  
Our troubles they wont go away day after day  
You've got your and I've got mine  
So don't tell me your problems

Its time to go home and bother me no more  
So don't give to me  
The same old story

We've got a problem everyday  
The old man say  
Our troubles they wont go away day after day

You've got your and I've got mine

Its time to go home and bother me no more  
So don't give to me  
The same old story

We've got problems everyday  
The old man say  
Our troubles they wont go away day after day  
You've got your and I've got mine

We've got problem  
Problems everyday
