Hello to who, I'm talking to  
No more automation.  
I'm hoping you can walk me through  
and solve my situation.

It's after midnight, and I've been on hold so long.  
You broke through the silence, now I'm not alone.

You're asking me, to help you see  
words begin to flow.  
This was not my plan, or my intention.  
How was I to know?

In such a short time, I feel I've known you for so long.  
I don't think I can make it all on my own.

So send somebody  
coz I'm stranded  
and there's no place left  
where i can run.

Send somebody  
coz I'm hanging by a thread  
now the whole damn thing's undone.

You have to know, I can't let go  
now I've made this connection.  
You see the love that runs the show,  
or random speculation.

In my desperation, I'm a danger to myself.  
I need new directions, yeah I need someone else.

So send somebody  
coz I'm stranded  
and there's no place left  
where i can run.

Send somebody  
coz I'm hanging by a thread  
now the whole damn thing's undone.

Yeah.

From my window  
as the leaves begin to fall

before the cold wind comes  
please hear my call.

So send somebody  
coz I'm stranded  
and there's no place left  
where i can run.

Send somebody  
coz I'm hanging by a thread  
now the whole damn thing's undone.

So send somebody  
coz I'm stranded  
and there's no place left  
where i can run.

Send somebody  
coz I'm hanging by a thread  
now the whole before I come undone.

Send somebody

Send somebody  
won't you send someone?

Send somebody

Send somebody  
won't you send someone?

Send somebody

Send somebody  
won't you send someone?

Send somebody

Send somebody  
won't you send someone?

Send somebody

Send somebody  
send someone?
