The songs done by me, are right out of the cd cover.
Why did you mention it?
You just want attention it's something you can't help but
do
Instead of you helping me you're looking for sympathy
So hold that thought and keep it under lock
Ill be happy to talk when you know what you want to do
Start moving around
Don't stand in the way
Stop bringing it down on a perfect day
Without thinking at all
You play the perfect game
Stop bringing it down on a perfect day
Im on a tear and you're stuck to the chair
And you aint coming out of your room
You don't see right when you turn on the light
Cause now you see more easily the things that might
come back on you
Start moving around
Don't stand in the way
Stop bringing it down on a perfect day
Without thinking at all
You play the perfect game
Stop bringing it down on a perfect day
