Tin Pan Alley

They tell me tin pan alley  
's the roughest place 'n town  
It's got cuttin' and shootin'  
As soon as the sun goes down

Ohh...tell me..  
What kind of place can the alley be  
Oh, every woman I guess  
Lord, the alley takes away from me

When i need my baby  
Well she can't be found  
Well she got up early in the morning  
She was ten pound alley bound

Ohh..tell me... chorus

Solo

I heard a pistol shoot  
Somebody groan  
Some woman shot my baby  
Left on that jokers arms

Ohh.. tell me.. chorus

Ohh I'll really miss my baby  
Because i really need my baby

Ohh I'll really miss my baby cause i really need my  
baby
