How do, how do you do
I've loved you since I first saw you
Tell me will you be mine?
Through the winter and into summertime
I can see the sun is poking through
Shining on the likes of me and you
I am going why dont you come too?
Lets go where the sky is blue

Glasgow, dear ole Glasgow town
Love you but we'll be seeing you 'round
Walkin' down that beaten track
Can't say for sure we're coming back

North wind is chillin to the bone
This house no longer is a home
Let's sail away just me and you
Let's go where the sky is blue

My how, how the time has flown
I'll never leave you alone
Forever and a day i say i do
Let's go where the sky is blue

How do, how do you do
All those, all the things you do
I wanna have this dance with you
The first one, and the last one too

Come with me darling if you will
we look good if we're standing still
lets change, yeah, change our point of view
lets go where the sky is blue

lets go where the sky is blue (x3)
