Verse 1:

You got your name in lights
But they can't seem to spell mine right
You saw the mail today
Today im lucky if i get played
If i could get played
I'd survive another day
Maybe if i could get played
They'd know my name
Your girls are fine
It seems a dime or two
In every dozen
I only wanted one but
Im no one so i get nothing
But all this nothing ive got
Is all thats keeping me tough
Maybe this nothing ive got
Is enough

Chorus:

When im alone and the lights go off
Im never sure if i can make it that far
All that i know is
I want those
I want those
I want those flashing lights
I want those
I want those
I want those flashing lights

Verse 2:

You dropped the class re-wrote the book
And im still tryna pass
Im at the back professor
A question, what is the
Secret to things
Is it just make believe
Its not easy
Wish it was ABC
You did your chime
You broke your wire

And now you got your shine
Im in the lin lost in the crowd
Still tryna figure it out
Still tryna do it right
Still tryna find the light
Maybe not tonight

Chorus:

When im alone and the lights go off
Im never sure if i can make it that far
All that i know is
I want those
I want those
I want those flashing lights
I want those
I want those
I want those flashing lights

Chorus:

When your all alone and the lights go off
Did you always know that you would make it this far
All that i know is
I want those
I want those
I want those flashing lights
I want those
I want those
I want those flashing lights

Hook:

I want those
I want those
I want those flashing lights
I want those
I want those
I want those flashing lights
I want those
I want those
I want those flashing lights
I want those
I want those
I want those flashing lights
