She said, "yes I will walk with you in the pouring rain"
I struggled with addiction until she came
Tell me a secret, tell me what you need
I'll be there for you baby just breath
Just breath

CHORUS

Out of the darkness into the sun
She is my angel
She's the only one
And she said, "I am not your coffin
Where your road ends
Your road ends
I am not your coffin
Where your road ends, your road ends"

She's got a smile that the devil couldn't fake
She's got a love Heaven could not replace
And she?sees? my pain with one touch of her face
I was in a million pieces
Till she pulled me right back in place

CHORUS

Out of the darkness into the sun
She is my angel
She's the only one
And she said, "I am not your coffin
Where your road ends
Your road ends
I am not your coffin
Where your road ends, your road ends"

No I could never look away
No I could never turn away
No I Could never look away, look away, look away, look
away

Out of the darkness under the sun
She is my angel
She's the only one
And she said, "I am not your coffin
Where your road ends

Your road ends"
Hmm hmm oh oh oh...
