I don't have to be there
But there's some things you can't let go
To be anywhere but by your side
I could never call my own

CHORUS

And it hurts
So hard
And it hurts
So hard
I said I'll always
Find a way
To be with you in the end
You'd've sat upon your bed
But you know longer feel me
But I'll be waiting here

I'll be the rain dancing off your skin
I'll be the warm breeze on you neck
There'll be no need to cry for me
You see me smiling down on you in your dreams

CHORUS

And it hurts
So hard
And it hurts
So hard
I said I'll always
Find a way
To be with you in the end
You'd've sat upon your bed
But you know longer feel me
But I'll be waiting here

I wish that I could touch your hand
I wish I could hold you when your scared
I promise you I'm not going anywhere

Just bury me today
No longer will I have to wait
To feel the warm sun
And they'll carry me away

The last thing that I see will be
Your smiling face
Just bury me today

I said I'll always
Find a way
To be with you in the end
You'd've sat upon your bed
But you know longer feel me
But I'll be waiting here
Just bury me today
