You made me laugh  
You made me cry  
I lived a life time  
In just one night  
I'll never loose  
That feeling I had  
That feeling that makes you  
Forget where your at  
You didn't wake me  
The moment you left  
I found it hard to catch my breath

### CHORUS

When I saw a lipstick stained cigarette  
Still burning by the bed  
The perfume aroma fills the room  
Where all our love was made  
Well they say love don't cost anything  
But I lost everything  
Sad thing's if I had to I'd do it all again

Ohh hmm

Thanks for all the dreams  
The time we spent  
Although your gone  
The night ever ends  
You glisten like rain  
Coverin' my pain  
A love that would last me  
One night  
One night  
And one night only

### CHORUS

There's a lipstick stained cigarette  
Still burning by the bed  
The perfume aroma fills the room  
Where all our love was made  
Well they say love don't cost anything  
But I lost everything  
Sad thing's if I had to I would do it all again

Hmm hmm

I know what you want  
I know what you want  
I know what you want  
I know what you want  
I know what you want  
I know what you want

CHORUS

There's a lipstick stained cigarette  
Still burning by the bed (burning by the bed)  
The perfume aroma fills the room  
Where all our love was made (all our love was made)  
Well they say love don't cost anything  
But I lost everything (I lost everything)  
Sad thing's if I had to I would do it all again

I know what you want  
I know what you want  
I know what you want  
You want my whole heart
