I think I'm getting better
But maybe I'm getting worse
I thought that I could handle everything at first
I drink from the glass you drank from
And I swear I taste your lips
I'm drowning into a coma
After every little sip
Looking at your photograph
Getting lost in your still eyes
Trying to get over you
But I can't get by

CHORUS

And I know it's all inside my head
Every moment by my bed
I just see your face when
I go crazy
I should've just burned the bed
Every moment when I rise
I just see your face when
I go crazy
You're too beautiful for me
Ooh yeah

I tear into a six pack of beer and got out my guitar
I sing how I don't know, babe, where the hell you are
You follow me wherever I go
As soon as I look behind
And then I begin to realize
It's all inside my mind
I think I'm getting better
But I'm really getting worse
I can't say that I hate this
Such a beautiful curse

CHORUS

And I know it's all inside my head
Every moment by my bed
I just see your face when
I go crazy
I should've just burned the bed
Every moment when I rise

I just see your face when
I go crazy
You're too beautiful for me
Ooh yeah
Ooh ooh yeah

Every moment when I rise
I just see your face when
I go crazy
I should've just burned the bed
Every moment when I rise
I just see your face when
I go crazy
You're too beautiful for me
Ooh yeah
Ooh yeah
