I know that you belong to my best friend
But my love for you will never end
(And my love for you could never end)
Do you ever feel me in the night (Yes)
Even when she thinks everything's alright
(But nothing's alright without you)

I want you, do you want me?
I guess we never figured this is just how love would be
She's my best friend's and I can't lie
But just to kiss your lips tonight I will surely die

I'm in love with my best friend's boyfriend
And that's the way that I feel 'til the end of time
He's my best friend's boyfriend
I wanna make him my man

I'm in love with my bestfriend's girlfriend
And even though I know it's wrong
I want her so badly
I had to write this song

(I know you belong to my bestfriend
But I've got to have you)

For so ong he has been my one true friend
If he knew how much i love you it would be the end
(I know, I don't wanna hurt you neither)
Every single night I dream of you
To live without your love, so hard to do
(And all my dreams are of you)

I want you, do you want me?
I guess we never figured this is just how love would be
She's my best friend's and I can't lie
But just to kiss your lips tonight I will surely die

I'm in love with my bestfriend's girlfriend
And even though I know it's wrong
I want her so badly
I had to write this song

I'm in love with my best friend's boyfriend
And that's the way that I feel 'til the end of time
He's my best friend's boyfriend
I wanna make him my man

(I don't want to, but I got to take your man)

I'm in love with my best friend's boyfriend
And that's the way that I feel 'til the end of time
He's my best friend's boyfriend
I wanna make him my man

I'm in love with my bestfriend's girlfriend
And even though I know it's wrong
I want her so badly
I had to write this song
