Here comes the rush That splits my heart in two One daunted, one lush To support and subdue Im on the edge Going too fast to breathe Too fast but to hold on Too fast but to see the Accelerate Digest the rush Feel free for once This is life Accelerate Near the edge Unsafe for once This is life Accelerate Headlights off Pity the ones Without life Accelerate Eves wide shut Alive for once This is life Feel the pulse Blood rushes through your veins For once alive As woken from the dead We have found the pace Together invincible We are here to stay Awaken in a new world
