My mind is clear
My place is here
Ill stand my ground
Ill never leave
Im not a puppet on a string
Stand up for yourself
Stand up for your life
Make your own path
Follow your heart
I don't need someone to guide me through my life
I don't need someone to see things through my eyes
Although the goals I have are out of sight

I have to find them myself, this is my own fight
Please leave it alone
You are not my clone
We have different goals
And skills unknown
And I would like to discover my own
Stand up for yourself
Stand up for your life
Make your own path
Follow your heart
