

## Colony 5 "Symphony Of Hope"

Visit "[Symphony Of Hope](#)" on MotoLyrics.com

I have begun to hold on to hope  
Am I enough to star in the scene she plays  
In her dreams

Hope is a storm and I am so weak  
I hold on to her, I feel like a freak  
We fight the winds, love is a kite  
We hold on to the rope  
We hold on to hope

We walk over mountains  
We walk over crystal lakes

A magic moment, we embrace  
Caught inside the fairytale  
The lovers' secret place

Fear is a shield and I am afraid  
Love is so strong, it's like a grenade  
We stand our ground, love is an anchor  
We hold on to the rope  
We hold on to hope
