While I held you with our undry eyes
Happy years pass by, it's okay to cry

After all in the end
Just pretend

Well, it's sticks and stones and broken homes
That taught us how to smile

After all in the end
Just pretend

There's a name that plays in my head like a song
All day long, she's with me every day

After all in the end
Just pretend

Everyone needs
Everyone needs
Everyone needs

If the sun can shine, you'll be just fine
Look into your mind where you're free

After all in the end
Just pretend

'Cause we hurt each other once before
Let's not do that again

After all in the end
Just pretend

And a voice so familiar
Wakes me up in the middle
She thinks, I'm having a bad dream

After all in the end
Just pretend

Everyone needs

Everyone needs
Everyone needs

After all, it's the end
