

Colorblind "Diamonds And Pearls"

Visit "[Diamonds And Pearls](#)" on MotoLyrics.com

You don't bring me flowers
Sweets or happy hours
Say why
Say why

That's the situation
Bda communication
Say why

Why am I still here
Waiting for you to be
Good to me

CHORUS

You can give me diamonds and pearls
I can be your big city girl
If you don't adore me by now
Then it's time
To get lost
Somehow

Play Showaddywaddy
Crawl inside my body
For fun
For fun

This is just a story
'Bout another worry
Of mine

Don't you think that's fine
I'm running around myself
One more time

CHORUS
