You say I'm gorgeous
With fisheyes as dead as a suburb
At night
Your big mouth keeps talking
'bout football and sportscars with
Babes in the back

Oh
Do you love me still
Do you hate me that much
CHORUS
How will I survive in this world
Where do I belong
How will I survive in this life
Without you
How will I survive

I always thought that the vows that
We made
And the blood that we shared
Meant more to you than a
Business affair
And a Rolex Deluxe

Oh
Do you love still
Do you hate me that much

Chorus
