Visit "[Leave It Up To Me](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I don't mind  
If I'm bringing you down down down  
I don't care  
Just driving you around 'round 'round

There's a piece of me you ought to know  
I'm a selfish girl  
There's a piece of me you need to know  
Somewhere out of your world

### CHORUS

Leave it up to me  
Won't leave it up to you  
Nothing but a one-way ticket a love affair  
Untrue

I don't mind  
If you think that I'm true true true  
I don't care whatever you do do do

There's a piece ....

### CHORUS

Leave it ...

Cause I want to  
Swim this blue  
Sweet world of mine and fade away  
I'll cross that line  
And leave you  
Even though you're always on my mind

### CHORUS

Leave it .....
