You're leaving me  
My destiny  
Will take me somewhere else  
I ever dreamt of

Simplicity  
And honesty  
Will bring me deeper down  
Than I ever heard of

You never did!

Chorus:  
Light me up and set me free  
Did you really think  
That I would talk about it  
Under every stone and tree  
And deep inside my mind  
I just don't care about it  
I contemplate  
My precious fate  
I have to realize  
I'm so fundamental

I walk the Moon  
I'm out of tune  
I take the liberty  
To get lost for a moment

You never did!

Chorus:  
Light me up and set me free  
Did you really think  
That I would talk about it  
Under every stone and tree  
And deep inside my mind  
I just don't care about it  
This is my philosophy  
It's a waste of time for me  
To think about it  
All I know is that I know  
Life is much too short for me

To cry about it

There's a thing you ought to know  
I was never sentimental  
I am just a perfect stranger  
Married to my self

Chorus: Repeat

And I won't cry  
And I won't cry  
About you
