How could this
happen to me
My faith in eternity
Got lost in ten years
of sleep
My world got tangled
And deep

Remember grandparent's
Place
And how I loved
to be loved
Remember unending days
Beneath the blue summer
skies

Chorus
We're living together
We're staying together
We're sleeping together
We're living together
We're staying together
We're sleeping together

It's just the echoing past
A distant shadow on the wall
It's just a voice in my heart
That I will never let go

Chorus Repeat

Come on come on that's all
We want

Age my cruel and
Precious friend
Take my hand right to
the end
Tell me what forever is
That's all what I am
That's all what I am
That's all what I am
That's all what I am

Chorus Repeat.

Living together
Staying together
Sleeping together

Living together
Staying together

Living loving
Living loving
