It seems like we always make up and break up
And then do it all over again.
Do all the fussin' and fightin' for nothin'
But nothin' come around since then.
And someday we, we might be happy,
But it ain't right now.
There ain't no reason for the argument.
We always make up and break up
And then do it all over again.
Baby girl I've really been thinking about
How you walked and went away.
Starin' up to the skies and all I been seein' is cloudy
days.
And I really wanna know baby girl did you go because
of what I said.
And if you did then I must admit that yes, I do regret,
Instead of reminiscing about huggin' and kissin',
Kissin', huggin', and lovin',
Got replaced with your trippin', fussin' fightin' for
nothin'.
Lemme tell you something, Boo, I ain't never been
nothin' but true to you.
But because of me and you, Shawty lemme know what I
should do.
Tell me what It is. Shawty tell me what it do.
Is it over between us? Is there anymore me and you?
Tell me what It is. Shawty tell me what it do.
Is it over between us? Is there anymore me and you?
But I guess it's time for me to leave,
But before I up and hit the streets, lil mama lemme
know if you wanna go ahead and give this here another
try.
And if you do, then I'm down to ride
Cuz there's a feeling inside dat I cannot deny.
Seems like we always makin' up and breakin' up or
breakin' up and makin' up everyyytime.
It seems like we always break up and make up
And then do it all over again.
Do all the fussin' and fightin' for nothin'
But nothin' come around since then.
And someday we, we might be happy
But it ain't right now

There ain't no reason for the argument
We always make up and break up
And then do it all over again.
It seems like she always fussin' and fightin',
Kickin' and bitin'.
Damm, my Shawty's kinda crazy.
Kissin' and huggin', touchin' and rubbin'.
The next thing you know, she back my baby.
It's a roller coaster ride with her, see
One day I'm high then the next day I'm low.
One day she call then the next day she don't.
But when she calls me I don't pick up the phone.
It goes up and down and round and round,
Then we start back where we begin.
It goes up and down and round and round,
Then we start back where we begin.
You tell me things to make me think that I probably
wont see you again
So why. (Tell me why.) Waste my time. (Waste my time.)
It seems like we always make up and break up
And then do it all over again.
Do all the fussin' and fightin' for nothin'
But nothin' come around since then.
And someday we, we might be happy
But it ain't right now.
There ain't no reason for the argument.
We always make up and break up
And then do it all over again.
It don't matter how hard we try.
We never happy and I don't know why.
Baby girl make up your mind.
Either love me or leave me but don't you cry. It don't
matter how hard we try, we never happy and I don't
know, baby girl make up your mind, either love me or
leave me but don't you cry.
It seems like we always make up and break up
And then do it all over again.
Do all the fussin' and fightin' for nothin'
But nothin' come around since then.
And someday we, we might be happy
But it ain't right now.
There ain't no reason for the argument
We always break up and make up
And then do it all over again.
Tell me what it is.
Tell me what it do.
Tell me what it is.
Tell me what it do.
Is there anymore me and you? (you)
It's over. (over) (over)
