Leaving my love today
Have to do things my way
Being a selfish fool
Just myself, myself, myself

You were too good with pain
Walking beneath a strain
Turning my inside out
Always keeping on
Preaching the past

Chorus:
Just walk away
Walk away, walk away
Just talk away
Talk away, talk away
I dream away
Dream away, scream away
Just walk away
Walk away, walk away

Bitter and twisted lies
Cutting me with your eyes
Baby you know Iâ€™m rising
Somehow somewhere someday

Shooting me with your words
Loving you really hurts
Maybe I will be back sometime
In about 2000 years

Chorus Repeat

Did you really thinkâ€¦You,
Could bring me down
Did you really thinkâ€¦You,
Could disappoint me
Just a little bit of truth
And common sense
After all weâ€™ere gonna fall
As we are walking
