My baby was talking in her sleep
She said, "Bob?"
I said, "What?"
She said, "Bob?"
I said, "I'm Bob!"
She said, "No. I mean a different Bob"

And so I asked her the next day
I said, "Jane?"
She said "What?"
I said, "Who is Bob?"
She said, "You're Bob!"
I said, "No. I mean a different Bob"

My baby was run over by a truck
It was a Dodge
As she lay dying, she called for Bob
I touched her hand and said "I'm here"
She said, "No. I mean a different Bob"

My baby was talking in her sleep
