Polka Girl! Polka Girl! Polka Girl, you'd better not let me
down

Polka Girl! Polka Girl! Polka Girl, you'd better not let me
down

I know a girl named Ruth

I'll tell you all the truth

When the cabbage starts to boil, she loses all control

Polka Girl! Polka Girl! Polka Girl, you'd better not let me
down

The band is all in place

Accordian and base

Clarinet and drums

Tenor and trombone

Polka Girl! Polka Girl! Polka Girl, you'd better not let me
down

I'll bare my teeth

My lips will curl

Heads will roll if you get near my Polka Girl

Polka Girl! Polka Girl! Polka Girl, you'd better not let me
down

Polka Girl! Polka Girl! Polka Girl, you'd better not let me
down
