Don't tell me how you feel, show me  
Don't say your love is real, show me  
True love runs deep but talk is cheap  
Don't tell me how you feel, show me

It's not that I think you don't need it  
I know your love is true, I've seen it  
But the pledge you made to me, you could have heard  
it on TV  
Don't tell me how you feel, show me

This world is filled with good intensions  
Strange creations, weird inventions  
Twisted words and bad vibrations  
Outright lies and fabrications

The sky has cast a shroud around you  
When the sun comes shining through, it's found you  
Forget the words, they won't be heard  
Don't tell me how it feels, show me  
Don't tell me how you feel, show me
