She said "I like your house but you're a little locked in"
I'm looking for a lover who's sophisticated
Sophisticated, sophisticated
Oh I guess it don't hurt to try

??? Last sense took??? down and I can't evade it
What do I gotta do to be sophisticated?
Sophisticated, sophisticated
Oh I guess it don't hurt to try
You gotta try to be sophisticated
(You gotta try to be) sophisticated
(You gotta try to be) sophisticated
You gotta try to be

Oh I guess it don't hurt to try

I walked up to ask other people I hated
Saying, "Give to me the secret how to be sophisticated"
Sophisticated, sophisticated
Oh I guess it don't hurt to try

Well, I tried and I tried and I waited and I waited
Now I can file my nails but I ain't sophisticated
Sophisticated, sophisticated
Oh I guess it don't hurt to try
(You gotta try to be) sophisticated
(You gotta try to be) sophisticated
(You gotta try to be) sophisticated
You gotta try to be

Oh I guess it don't hurt to try

Well I guess I should've known our love was?
I should've known I wasn't born to be sophisticated
Sophisticated, sophisticated
Oh I guess it don't hurt
I guess it won't hurt
I guess it won't hurt to try
