Days go by, time moves on
Hearts can beat to a different drum
They say

You might think
We're the perfect one
The best laid plans
Come undone some days

Look around you
What surrounds you

You've got to believe in love
Don't look back
You can never look back
Keep on moving, face the facts

[CHORUS]
No more, the innocent child
No more, the lonely heart
No more, those innocent days
I'm changing, I'm changing
No more, the innocent child
I'm strong when we're apart

Time won't wait
You can't change fate
Time won't wait

The world keeps turning
Round and round
Love can't be tied and bound
No way

Look around you
What surrounds you

We can take this time tonight
Tomorrow see it in
A different light of day
Sometimes it's hard to go on

You've got to have faith in love
(Believe in love)
Don't look back
You can never look back
Keep on moving, face the facts

[Repeat CHORUS]

Time won't wait
You can't change fate
Time won't wait

Time won't wait
We can't stand still
We must go, we must go
On and on and on and on and on

I'm changing, I'm changing

[Repeat CHORUS]

Time won't wait
You can't change fate

[Repeat CHORUS to fade]
