Look around the old curiosity shop  
You could buy it all and waltz out with the lot  
But take me with you  
Cos I don't want to stay  
With all these fools  
The likes of us, you know we're just  
Flies on the wall

So get rid of all the weights of all your cares  
Before the cancer comes and gets you unawares  
Well, I'm coming too

Cos I don't want to stay  
With all these fools  
I'm sorry son, there's no room on the bus  
For flies on the wall, flies on the wall  
On the wall

Come rain, come flood  
I hate my face  
I'm so in love  
But still I can't escape  
The vision of the fly on the wall  
Fly on the wall  
On the wall
