Man, been workin hard all week
Monday to friday
Today, I guess I'm just goin do uh...
Man I guess I'm goin do nothing in particular
Anybody wants to come do that with me
Ya'll are welcome, c'mon

Nothing in particular, and I'm doin it all day long, a hot
grill and a cooler of beer and a CD of my favorite
songs, a lotta
Nothing in particular and I do it well, so much of
nothing on the schedule now, and I'm invitin' all of ya'll
to help

Ain't doin nothing in particular just livin my life, I thank
the lord for my friends, family, youngin's, and wife,
another
Day in the country and it sure feels good, ain't no
hustle and bustle out here in the woods, just a lot of
good folks, a lot
Of hard work, a whole lot of love for the man above,
everyday is a blessing I'm above the ground, around
here folks wave when
You ride through town, ain't got no schedule for myself
to do, might fire up the grill, or play some horseshoes,
wherever I'm
At is right where I'll be, so load up your trucks, and
come hang with me, I'm doin...

Nothing in particular, and I'm doin it all day long, a hot
grill and a cooler of beer and a CD of my favorite
songs, a lotta
Nothing in particular and I do it well, so much of
nothing on the schedule now, and I'm invitin' all of ya'll
to help

Now ya'll listen up, cuz I'm a tell you the truth, that
there aint nothing better than jeans and boots, ridin' in
a truck on
An old dirt road, and crankin' up Waylon on the radio,
knowin' that tomorrow may or may not come, but today

is all good out
Here in the woods, life in the country is a blessin' ya'll,
eatin' deep fried turkey with some dressin' ya'll, there
aint no
Reason for stressin' ya'll, just do what I do, and yall
gonna have a ball, so don't take no plans on this here
day, when they
Ask you what your doin, this is what you say
Just livin' and lovin', laughin' and thankin' god for the
day, what else can I say, so load up your truck and
come hang with
Me, I'm doin nothing in particular, ya'll come see, I'm
doin...

Nothing in particular, and I'm doin it all day long, a hot
grill and a cooler of beer and a CD of my favorite
songs, a lotta
Nothing in particular and I do it well, so much of
nothing on the schedule now, and I'm invitin' all of ya'll
to help

Nothing in particular,
(We do this stuff all day)and I'm doin it all day long,
(Country girls come out and play, we always get it on
this way)
A hot grill and a cooler of beer and a CD of my favorite
songs, a lotta nothing in particular
(We can do this stuff all day)
And I do it well,
(Country girls come out and play, we always get it on
this way)
So much of nothing on the schedule now, and I'm
invitin' all of ya'll to help
