Love me, hate me
Just don't walk away from me
Give me anything, anything lying between
What am I, If I don't try to find out
What is going on behind those eyes
So tell me to my face

So please...
Apologise cause I need you
Need you to get it right
It will all break down if you don't please,
The silence is killing me
I wanna hear you say you're sorry

You're pushing me, pulling me
to somewhere I don't want to be
Screaming, shouting
I'm sick of the sound of me
You're the, only one
who could put me out of my misery
So tell me to my face

So please...
Apologise cause I need you
Need you to get it right
It will all break down if you don't please,
The silence is killing me
I wanna hear you say you're sorry

I'm not so foolish to think
this has nothing to do with me
I'm not so crazy to believe
there's one side to this story
But you've got to give me something
I'm getting nothing
So just say you're sorry

So please...
Apologise cause I need you
Need you to get it right
It will all break down if you don't please,

The silence is killing me
I wanna hear you say you're sorry

You're sorry
Say you're sorry, you're sorry...
Sorry...
I wanna hear you say you're sorry
