

Ben's Brother "Fall So Deep"

I've been running around, I've been
been kicked down
I've been falling, falling, falling, no sight of
the ground.
And now I'm stuck, stuck, stuck in that
place.
You used to draw, the smile on my face.

I can't believe inside your heart our love had already
died,
I can't believe that I've been chasing something I never
had.

I'm heading back to Berkshire, with my
heart wrapped around my sleeve
It was only last year, you were here with me.
I'm in the wrong place, trying to make all of
this right.
For all that you want, for all that you need
I will be waiting (x4)
I fall so deep
The reason why, I had no idea
But I think I've figured out the story
The most beautiful thing I've ever seen
Called off the search, you were here with me.

I can't believe inside your heart our love had already
died,
I can't believe that I've been chasing something I never
had.

I'm heading back to Berkshire, with my
heart wrapped around my sleeve
It was only last year, you were here with me.
I'm in the wrong place, trying to make all of
this right.
For all that you want, for all that you need
I will be waiting (x4)
I fall so deep

Now I ask my broken heart permission to miss you.
I'd wait forever for you hold you again, but

forever is just a minute too late. (x3)
