Old planes and trains and the cars
In the hotel bars
It might as well be mars
Oh her eyes and her nose
And that's just the way it goes
Wait could you wait some more

There is no final destination
Like there's no perfect situation

So I'm looking for the major
Stuck here in the mine
The key is to say
One day I'm gonna find her
That's the way it is oooh
The devil is in the details
Angels on my shoulder'
Both of them say
One day I'm gonna hold her
That's the way it is

Oh the good
the bad
the ugly
and the downright sad
But they all try to meet
Cause you give
You take
You live
With the choice you made
About who you're s'posed to be

And all these questions need an answer
Not where's my happy ever after

So I'm looking for the major
Stuck here in the mine
The key is to say
One day I'm gonna find her
That's the way it is oooh
The devil is in the details

Angels on my shoulder'
Both of them say
One day I'm gonna hold her
That's the way it is

All the little things lead me to believe

So I'm looking for the major
Stuck here in the mine
The key is to say
One day I'm gonna find her
That's the way it is oooh
The devil is in the details
Angels on my shoulder'
Both of them say
One day I'm gonna hold her
That's the way it is

That's the way it is
That's the way it is
