Words and Music by C.C.Chaaise(BMI)

I've heard it said that
life has it's open roads
and where that road leads you and
takes you...is where you're to go
follow, follow and go...
I cant go back
there's too much
pain and sorrow
gotta let go of my past
I look hard enough and
see the light at the end
of the tunnel
Now I know there's a way
for me to reschedule these things
can't sleep at night most of the time
just from too much thinking
and worring...oh....
There's an open road
I hear it calling me
you see this crown of thornes

is too heavy for me to carry

so I gotta be free

Come tomorrow

I'm gonna fly away...yea...

Come tomorrow

I'm gonna,

I'm gonna be free...be free

Now I hear Doubt in my head

telling me

there's a dark road ahead

might be scary

but love tells me

gone on you'll see

there are open doors

light shinning that's waiting

dear for me so...

Come Tomorrow Yeah

gonna spread my wings tomorrow

gonna fly high tomorrow

there'll be no more

burdens on me to repay

tomorrow...hey

gonna be free

Come tomorrow

gonna spread my wings

come tomorrow

there'll be no more tears

in my head

I know that there'll be love

waiting for me

Come tomorrow

gonna spread my wings and fly

Come tomorrow...

Gonna head for the sky

Come tomorrow

I'm gonna be free

I've gotta go

gotta, gotta, gotta leave

Come tomorrow...yeah...

so I said

Come tomorrow

gotta release the burdens in

my head

Come tomorrow

gonna go and not

look back

Come tomorrow

See my life, life tomorrow

let love guide my way

Come Tomorrow

there's adventure

waiting for me

Come tomorrow...Yeah

I'm gonna be free tomorrow

Oh yeah...

Come tomorrow

No more tears cryin from me

No more sadness from me

No more, no more...no more

worry...tomorrow...
