EVERY NIGHT

(Words and Music by Columbia Chaaise)

Sail away

far from here

holding hands

kissing near

The sky is clear

birds above

water's green

makin love Yea...

And Every night

I look upon your face

I thank God for miracles

given me

(Repeat)

I'm yours til the end of time

Look no further

just say you'll be mind

proven heart

tears are dry and...

there's no longer tears inside

Every night...come ont

I look upon your face

I thank God for miracles

given me

(Repeat)

fly away

fast as we can

you and me

we'll hit the sand

underneathe the moon

we're makin love

cum too soon hey

cause I can't get

enough and...

Every night...come ont

I look upon your face

I thank God for miracles

given me

(Repeat)

Take me by

by the hand

lead me to

the promise land

i'm your baby

and you're my man

driving me crazy
now I understand
what it means to love
love, love, love...and
Every night I look upon
your face
I thank God for miracles given me
(Repeats)
He gave me love
He gave me
when he gave me you
he gave me
all that I need
when he gave me you
he gave me you too...Oh yeah...
and let me say that I thankful
I'm thankful
thankful
I'm thankful
every single night
