I JUST CANT STOP LOVIN YOU

(Words and Music by Columbia Chaaise) Three C
Publishing (BMI)

Baby I...

I just cant stop lovin you

and the more i think about it

oh baby...I dont know

if i'm gonna ever want to

You feel me up

oh baby...yeah yeah yeah

like no other love

can do...yeah..oh baby

The more you hug me

kiss me...love me

oh baby the more

i want you...yeah

oh babe

You are my pacifier

day and night

you give me love

make it right

fly high to the sky

and oh...

I cant stop babe

Listen honey

I just cant stop lovin you

yeah...oh baby

The neighbors might want me to

the world might deny you

people might want it true

but oh

I can t stop...listen babe

I cant stop

I love you

and you...love me too

Thats all i need to

keep on lovin

that;s all i need

to keep on huggin

that is all i need

to keep on goin

cause i love you

I love you

baby i...

What you doin to me babe

you're lovin me so sweet

you're everythhing i've ever wanted

you're everything i've ever needed
doesnt matter what other people
might think of you
or what the rest of the world wants me to do
and i'm never ever baby
gonna stop from lovin you...
The way you love me
hug me...
touch me...
oh baby yea...
I love you
I love you
and every single thing you do
oh...yeah..listen baby
I just cant stop lovin you
