JOHNNY

(Words and Music by Columbia Chaaise)

Johnny still playin in the back room

sound so good dont you leave so soon...stay

Johnny still playin in the backroom

said it sound so good dont you leave so soon... stay

It's been a while since I saw your face

tell me how are things going have you changed

still lookin good since the last time I saw you

see you smile see our hearts at play

gonna be hard to leave today

almost time for the night to end

but the band is still singing

Johnny still playin in the back room

sound so good dont you leave so soon...stay

I said Johnny still playin in the bac kroom

said it sound so good dont you leave so soon... stay

(repeat)

Well what happended next

was the test

one I felled but I tried my best

See I waited almost twenty years
for the man that night to meet me there
and on my ring finger was a band of gold
one I wore, but it was for show
seem like he noticed almost everything
but he paid no attention to the wedding ring
and with his eyes that night
he made love to me
took me in his arms and it felt so sweet
rock me a bit like a symphony
whispered said make love me me
Johnny still playin in the back room
sound so good dont you leave so soon...stay
I said Johnny still playin in the bac kroom
said it sound so good dont you leave so soon... stay
(repeat)
Johnny still playin in the back room
(Repeats)
ba ba ba ba bada...ba ba ba ba bada...
