LOVE BE FAITHFUL

(Words and Music by Columbia Chaaise)

So many times I've fallen victim to an untrue love

Like a foolish child my heart was out to play

amongst dangers

Walking down one way streets

all the signs are backwards

love be true to me

when you send me

another love to love

I'm begging I 'm asking you

Oh Love...Love be faithful

When i come knocking, when I

come knocking at your door

(repeat)

Well aint it funny how the feelings bounce right back

when you been out of love for a little while it

dont take to long before you to get the feeling

like you did before the feeling like you had before

its okay cause it never was wrong

never ever knew it like ridding a bike

it will come right back it will bounce right back

and that's what scares me sometimes

I dont want that well i was wronged before

hey listen I've been so lonely

I beggin you right here... oh love

Love be faithful

When I come knocking,

When I come knocking

at your door

I'm begging you love

Oh love...Love please be faithful

when I come knocking,

when I come knocking

at your door

I'm giving it just one more time love

oh...i'm down on bended knees

please love...I'm begging you

asking you...Oh be faithful

Oh when I come knocking

please love...Oh Oh Oh Oh Oh

Love be faithful

when I come knocking

at your door
