There we were just him and I
Sleepin arm to arm and
Eye to eye
Said after this he was gonna say goodbye
And I could think was the question why

Stay baby stay forever yeah
Promise I'll love you forever yeah
Totally time don't know
Til there was before a grieve
I'll make love to you daily
If you only stay with me

He would call me sometime with
The tears fallin from his eyes
When I'd say baby are you crying
He'd say, no, it's alright
But pain would hit him ah... yeah
Cut my baby like a knife
Life had him so down yeah
But I'd do my best to take him high

Baby stay forever (repeats)
Stay baby just stay
I'll protect you
Stay, stay with me
I wont let nobody eles harm you
If you stay
Stay with me
I'll make it up to you everynight
If you stay, stay with me
I know I can make it alright

Somehow you ask what a love one says
Another can't hear the love
They just don't hear it... forgetfulness
They've been hurting so long
They don't know what care is
And in his case he was a fool
But it wasn't his fault
It wasn't his...

Stay baby stay... forever
Make me feel so good
Would you stay, baby stay
Boy if you could
Would you stay hey... stay if you could
Would you stay, stay baby
If I asked you to

Would you stay... hey... hey
Would you stay hey... hey
Would you stay...
Just stay right there
Would you stay baby... don't move
Aah... stay
Aah... stay... forever
