Why did I had to leave
Why did I had to tear down
The walls we created
Please, goddamn tell me why

A amtter of life and death
It appeared to be back then
When we said goodbye
Oh God, take me back

Long forgotten words
Our first kiss
Didn't think I could remember them
But it all comes back
Back, back in my mind

A moment of total silence
Then a short last kiss
A kiss of death
Cos I haven't lived since

Long forgotten words
Our first kiss
Didn't think I could remember them
But it all comes back
Back, back in time

I jumped in my car
And rode of blind
I could imagine her
Staying behind
With only one thing
One thing only, in her mind
