LITTLE BIT OF ME

Balanced on the mountain
With the people all around
Who say that I've been up too long
And they want to bring me down
Well I wouldn't mind the falling...no
It's the ones who come to see
If all I've got left inside
Is a little bit of me

Won't you hold my hand now
Hold my hand tight
Hold lightly in the day
And hold harder at night
Well I don't mind the coming down
It's the way it's got to be
What I hope I got left inside
Is a little bit of me

Now when it is all over
And I become a seed
They'll plant me in the universe
Where the balance gotta be
Now I don't mind the dyin', no.
It's the way it's got to be
But I hope I leave behind
Just a little bit of me
A little bit of me

Balanced on my mountain
With the people all around
Who say that I've been up too long
And they want to bring me down
I don't mind the coming down
It's the way it's gotta be
What I hope I got left inside
Is a little bit of me

Hope I got something left for me
Hope I got something left for me

Hope I got something left for me
