We're both responsible people who don't care.
But you're the law and the lawless, fun don't care.
An outlaw by degree, they're fucking chasing me.

That's why they call me invincible,
because they know I can keep it cool.
The sun is setting. I still want more.
They're coming for me, the devil knows me.

Did you fight? Or did you run?
I know my eyes look like they're fucking the sun
and take that fun out from under my nose,
the metal smells like Death's first born.

Did you fight? Or did you run?
They know I'm smart, but they're not counting their
cards.
Last time I lost but now I'm gold
and I'm not coming back alone.

That's why they call me invincible,
because they know I can keep it cool.
The sun is setting. I still want more.
They're coming for me, the devil owes me.
